16<sup>th</sup> September 2021

Dear Parents/Carers

**Year 6 Food Technology Lessons**

We are delighted to be able to offer our Year 6 cohort a Food Technology lesson again this year. This is a fantastic opportunity for your child to start their cooking skills. Their lessons will be up to February 2022 and during this time they will have 3 practical lessons.

James Bateman Middle School will be providing ingredients for your child's food technology lessons to ensure he/she is able to take part in ALL practical lessons. In the past a lot of children have missed out on taking part in practical lessons due to pupils forgetting to bring ingredients to school. To overcome this problem we wish to provide all ingredients at a cost of £12 for the academic year. Parents are required to either pay £12 or provide the ingredients.

All tubs/tins need to be provided from home. Unfortunately refunds will not be issued for practical lessons that are missed. **Pupils will not be able to partake if they do not have ingredients.**

Please pay by Friday 24<sup>th</sup> September 2021.

**Online:** Parents should now have received their Activation Letter for Parentpay. Simply activate your account and pay online. If you have no computer access at home, there are computers available at Biddulph Library and Biddulph Town Hall.

Yours faithfully

Mr R Carpenter  
Food Technology Teacher
