

Where Pupils Achieve and Excel
Headteacher: Mrs T Price BA (Hons) MA Ed

4th October 2021

Dear Parents/Carer,

We have been having problems with the heating system for a number of weeks and unfortunately, we currently have no heating in school. We have managed to get the engineers in to repair it on Tuesday 5th October and it should be completed by Thursday 7th October.

During this time school will remain open as normal but there will be disruption to 5CMO, 5BR and 5SLF. Their classrooms will be closed off and they will be based elsewhere until the work is done. Please could I ask that they bring their equipment and books in a bag which they can then keep with them for the remainder of the day.

As the heating will not be on, pupils may wish to wear a dark coloured jumper under their blazer.

Thank you for your patience and understanding

Kind regards

Mrs T Price
Headteacher.
