James Bateman Middle School is a “good school” (Ofsted – May 2018). We are now well on our way to being outstanding. We encourage all pupils to be the best that they can be, seeing each individual as unique, with their own strengths and areas to improve. Our pupils enjoy their lessons; they are inspired to be inquisitive about their learning. Staff have high expectations of all pupils and provide challenge that enables them to realise their potential.

The successful candidate will have experience of working with KS2/KS3 pupils. You will be joining an experienced and rapidly developing team responsible for supporting pupils across all areas of the curriculum. You will have knowledge and understanding of supporting a wide range of special educational needs in a mainstream school.

Under the direction of senior staff organise and provide a range of support strategies for young people who need help to overcome barriers to learning both inside and outside the school. Maintaining clear and efficient documentation is paramount within this role to ensure clarity and support in necessary meetings.

We are a Dyslexia Friendly School; you will have some responsibility for the continued development of these strategies and will be innovative in the creation of new resources.

If you are energetic, self-motivated and enthusiastic, have a positive outlook and enjoy a challenge, and feel you have what it takes to improve the outcomes for our SEND pupils', you will enjoy working within this team. In return you can expect a comprehensive package of support and on-going professional development as recognised by the school recently gaining the CPD Quality Mark.

"This authority/school is committed to safeguarding and promoting the welfare of children and young people/vulnerable adults and expect all staff and volunteers to share this commitment".
