Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

- ***What are your ultimate objectives for your disadvantaged pupils?***

Our school will ensure that the Pupil Premium funding reaches the groups of pupils for whom it was intended and that it makes a significant impact on their education and lives.

The Pupil Premium will be used to provide additional educational support to improve the progress and raise the achievement for these pupils.

The funding will be used to narrow and close the gap between the achievement of these pupils and their peers.

The school will use the additional funding to address any underlying inequalities between children eligible for Pupils Premium and others.

- ***How does your current pupil premium strategy plan work towards achieving those objectives?***

At present, we will focus on the key challenges that are preventing our disadvantaged students from attaining well:

This includes strategies to improve attendance of disadvantaged students in all year groups, to improve progress in maths, reading and writing through quality first teaching, 1:1/group interventions and well-being support. To improve the performance of disadvantage boys and those who are SEND. Our approach will be through robust diagnostic assessment and through the relationships we build with our learners.

- ***What are the key principles of your strategy plan?***

- Provision of excellent teaching through recruitment, retention and CPD of staff as well as excellent pedagogy and quality 1st teaching.
- We will regularly seek to further develop strategies and interventions which can improve the progress and attainment of these pupils. Examples of the range of provision we may put in place include:
 - Providing small group or 1:1 support with an experienced member of staff to focus on overcoming barriers to learning
 - Facilitating pupils' access to education and the curriculum through additional or specialist resources e.g. specialist software
 - Additional teaching and learning opportunities provided through learning mentors, trained TAs or external agencies
 - Targeted support for those Pupil Premium pupils who demonstrate poor attendance, and/or behaviour and support their well-being which will lead to improved progress and attainment. Links formed between families and school to improve trust and confidence.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations, and discussions show the underperformance of higher ability pupil premium
2	Performance of SEND PP pupils
3	Development of aspirations/opportunities for pupil premium pupils
4	Attendance and parental engagement, including poor access to learning resources at home, Attendance showed disadvantaged students attendance was lower than non-disadvantaged.
5	<p>Mental well-being and closing the gap due to missed learning from COVID19. Discussions with pupils and families have identified social and emotional issues for many pupils, notably due to a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment.</p> <p>Teacher referrals for support have markedly increased during the pandemic (50% whom are disadvantaged) currently require additional support with social and emotional needs, with some disadvantaged receiving small group interventions.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Further improve the progress of high attaining disadvantaged pupils.	The progress of disadvantaged students is at least in line with the progress of other students nationally
2. Further improve the progress of SEND disadvantaged pupils.	SEND disadvantaged students to perform at least in line with all non-disadvantaged students nationally.
3. Further improve the progress for all disadvantaged pupils - especially in writing and maths.	Disadvantaged students to perform at least in line with all non-disadvantaged students nationally in English and Mathematics.
4. Development of aspirations for disadvantaged pupils – cultural capital opportunities.	Disadvantaged students to access a greater range of enrichment activity/ educational visit evident varying subjects.

	Disadvantaged students have increased chances to cultural capital and enrichment opportunities. Target for all pupil premium students to experience at least ? opportunities per year.
5. To improve the attendance of all disadvantaged pupils – especially p/a pupils.	Disadvantaged students to attend at least in line with all non-disadvantaged students nationally. Attendance of disadvantaged students to be 96% as the school target. PA levels are below national figures.
6. To ensure the mental well-being of PP students is supported.	PP students access support from well-being to support their learning

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Teaching

- Staff retention, staff turn over is small so recruitment is not always a priority.
- CPD to embed Roenshines principles in our teaching and learning
- Pupil Premium funding to support families with equipment, trips, uniform to ensure students feel part of the school and do not feel isolated.
- Trailed PP trip, Y5 trip to Cannock Chase museum to embed WW2 knowledge. This will be rolled out for all year groups next year, increasing students opportunities and experiences. Different year groups to base trip on curriculum to enhance learning.
- PP lead updating staff with any new students and EEF strategies.
- All meetings have PP on the agenda to highlight any problems.
- PP at the forefront of planning and seating in classes.

Academic Support

- Termly meetings with year leaders, core leaders and SLT to use data in school to monitor and evaluate progress for all students with a particular focus on disadvantaged students and SEND. This is used in school to identify students that require additional support through interventions.
- Homework clubs are in place for SEND students as well for disadvantaged students with support from staff.
- Support interventions are provided by school.
- School led tutoring is also used to support PP students in mathematics and English for students in Year 6.
- Literacy intervention for students in the 1 hour library sessions targeting PP and SEND.

Year 8 shows the biggest gap between PP and Non PP across maths, reading and writing.

Wider Strategies

- Breakfast Bagel Club, all PP students had the option to have a bagel in the morning before school, this will continue next year. The uptake for this was high but not recorded.
- The Well-being centre was a huge support for students last year supporting students mental well-being and giving them a go to person. 15 out of the 36 students who accessed the well being centre were PP (42%).
- The hours available for this provision has increased to accommodate more students.
- Forest Schools was a huge success in helping students build confidence and social skills 24 PP students accessed this wider strategy to support them in school.
- 10 (63%) students accessed Visyon our counselling service in school.
- Bespoke support for students has been a priority and staff signposting parents when in need of support.
- Attendance and punctuality data are shown in the table below. There is a gap in attendance over all year groups and this remains a continued area of focus.
